Starting your Transfer Journey

Ackerman Grand Ballroom

Are you just starting your transfer journey and want to know what you can do to make yourself a competitive applicant to UCLA? You'll hear from admission representatives who work with transfer students and can give you the tools and resources you need to be successful.

School of Nursing

Ackerman 2408

Hear about how the UCLA School of Nursing prepares students to excel in patient care, research, education, and leadership. Its academic programs are taught by nationally recognized faculty and students have access to world-class clinical placements, including Ronald Reagan UCLA Medical Center, one of country's top-ranked hospitals.

School of Arts and Architecture

Ackerman 2412

Join the UCLA School of the Arts and Architecture to learn more about the majors in Architectural Studies, Art, Dance, Design Media Arts, and World Arts and Cultures, how you can best prepare for the creative supplement as well as the academics, and what you can do with that degree after you graduate. Bring your questions!

School of Public Affairs and the School of Education

Ackerman 3517

Learn about our unique majors and minors within the School of Public Affairs and the School of Education and Information Studies. You'll learn about the uniqueness of these programs and the opportunities as a student and beyond.

Career vs Major

Bruin Viewpoint Room

Hear from Undergraduate Admissions about the various career pathways available for students with diverse academic backgrounds. You'll find through this presentation, that any major can be tailored to your career goals.

Opportunities in Engineering

Mathematical Sciences 4000A

Interested in learning more about the Samueli School of Engineering? We will be going over some of the most popular majors within the school and tips to make yourself a more competitive applicant to the school.

School of Theater, Film and Television and School of Music

Mathematical Sciences 5200

Hear about how the comprehensive arts curriculum at the UCLA School of Theater, Film and Television gives motivated students the means to challenge the constructs around them as multifaceted artists and scholars, filled with the knowledge, insight and point of view to create meaningful experiences pointing toward a better world. Also hear from UCLA Herb Alpert School of Music which prepares students for a range of music careers in the 21st century by encouraging them to explore the rich intersections of theory and creativity.

12:00 – 12:50p Session #2

Diversity Student Panel

Ackerman Grand Ballroom

UCLA has long championed diversity and is one of the nation's most diverse research universities. Hear from a panel of transfer student leaders who will share their first-hand experience of campus community, discuss opportunities for involvement and share connections they have made within and across communities at UCLA.

Chi Alpha Psi

Ackerman 2408

Chi Alpha Psi is a co-ed organization founded by transfer students, for transfer students. Learn more about how they create a social community of students who are committed to their education & principles of service to the community.

Club Sampling Club**Ackerman 2412**

The Club Sampling Club offers members the opportunity to “sample” clubs by attending collaborative introductory events throughout the year. This allows students to experience the vast number of diverse clubs at UCLA without the commitment that is typically required of them. Members can broaden their skill set, network with other students, and enhance their overall Bruin experience.

TransferMed Club**Ackerman 3517**

TransferMed serves to facilitate UCLA transfers toward obtaining opportunities, clinical exposure, resources on and off-campus. If you are interested in pursuing the pre-med field and don't know where to start, look no further. As transfers, we typically only have a 2-year window to take advantage of what UCLA has in store. TransferMed is here to bridge the gaps for connections of all levels and help develop one's professionalism, increase support groups/friendships & more.

Navigating Imposter Syndrome**Bruin Viewpoint Room**

As transfer students you might experience moments of uncertainty and fear. The First To-Go at UCLA are here to remind you that you belong. Learn about how to navigate imposter syndrome within higher education and the tools available to you as you embark on this journey.

Bruin Resource Center**Mathematical Sciences 4000A**

Join The Bruin Resource Center (BRC) and learn more about the home for a number of campus centers and programs that provide support to different student communities including students who have been part of the foster care and probation system, students who are undocumented or a part of mixed-status families, parenting students and students who are taking care of other dependents such as siblings, students in recovery, students who were formerly incarcerated or impacted by the carceral system and students who have experienced houselessness.

PIQ Workshop**Mathematical Sciences 5200**

The personal insight questions are one of the sections in the UC Application where you can highlight your experience and your story. Hear from admissions experts on how to utilize your PIQ's to add value to your application and showcase yourself to admissions readers.

1:00 – 1:50p Lunch and Cultural Experience**Wescom Plaza
Ackerman Grand Ballroom****2:00 – 2:50p Session #3*****Financial Aid and Scholarships Office*****Ackerman Grand Ballroom**

A representative from the UCLA Financial Aid and Scholarship department will discuss the resources available to fund and finance a UCLA education. Learn about the value of a UCLA education as they review financial information including the cost of attendance, how to apply for financial aid, and the types of aid available to students.

Center for Community College Partnerships**Ackerman 2408**

The Center for Community College Partnerships (CCCP) at UCLA develops and strengthens academic partnerships between California community colleges and UCs including UCLA. Through a multi-faceted approach with efforts at the student, faculty and administrative levels, CCCP works to increase the academic preparation and competitiveness for community college transfer students.

The LGBTQ CRC supports community members of all sexual and gender identities and serves the entire UCLA community – undergraduate students, graduate and professional students, faculty, staff, and alumni.

Black Bruin Transfer Experience

Ackerman 3517

Learn about the various support services available to Black Bruins. You'll learn about our Black Bruin Resource Center, the Afrikan Student Association and the Black Transfer community on campus!

About the UCLA Transfer Student Center & 5 Tips for Transfer Transitions

Bruin Viewpoint Room

In the session we will give an overview of the UCLA Transfer Student Center, program & event highlights and then we would move into a discussion where we'd have current UCLA Transfers share their advice on the transition process. We will hold some time at the end (at least 10 minutes) for Q & A.

Academic Advancement Program

Viewpoint Conference Room

The Academic Advancement Program (AAP), a multiracial program, represents the best of what United States society aspires to: access, equity, opportunity, and excellence. AAP programs and services are linked together by an underlying belief that all AAP students have earned their academic right to be at UCLA and have demonstrated the academic potential to excel at, and graduate from, UCLA.

Transfer Student Housing at UCLA

Mathematical Sciences 4000A

A diverse community of over 15,000 undergraduates choose to call UCLA home. Join UCLA Housing & Residential Life for an overview of on-and-off-campus housing options. You will also learn about our #1 ranked dining facilities and the inclusive programs that are experienced across the Hill.

Undergraduate Research Student Panel

Mathematical Sciences 5200

Are you familiar with what undergraduate research looks like? Join us to hear about the opportunities for research across various disciplines. Whether you are interested in doing research at a lab with faculty or doing your own independent research, you'll hear from current transfer students conducting research on campus.

Thank you to our sponsors!
